José Luis Bruna Brotons
President of the Spanish Fishing and Casting Federation

Dear sportsmen and women, captains and delegates:

As president of the Spanish Fishing and Casting Federation I have the honour to greet and welcome the athletes, captains and delegates, as well as the ICSF delegates, who will meet in Castellón, from 5th to 8th September, to celebrate the World Championship Casting Sport speciality..

The city of Castellón and its dynamic Provincial Council have been distinguished by their support for sport, as an activity that generates values such as effort, self-discipline, respect and its social integration capacity, to which specific values such as respect for aquatic ecosystems and the natural environment, as well as its great social transversality, should be added in sport fishing. This tradition of promoting the sport characterises Castellón. For this reason, both the Spanish Fishing and Casting Federation and the Fishing Federation of the Valencian Community are proud and satisfied that this world competition can be held in Castellón.

Castellon and its entire coastline is a major tourist attraction. During these days you will be able to experience its climate, its magnificent beaches, its historic monuments and its excellent and varied gastronomy. You will see for yourselves its welcome and hospitality, every time the world of competition fishing comes knocking on its doors.

I would like to make public my gratitude to the ICSF for granting the organization of this World Championship to Spain, without forgetting the recognition and support that the Higher Sports Council has always provided to our sport.

But I would not like to end these lines of greeting and welcome without expressing my satisfaction, my recognition and sincere gratitude to the Fishing Federation of the Valencian Community, for its dynamism, its good management and brilliant promotion of the sport of fishing, which makes it one of the great pillars of the Spanish Fishing and Casting Federation. (FEPYC). I would like to thank the entire organization and all its efficient and enthusiastic collaborators. This World Championship will shine with its own light, I am sure of it.

Welcome and may the best athlete win!

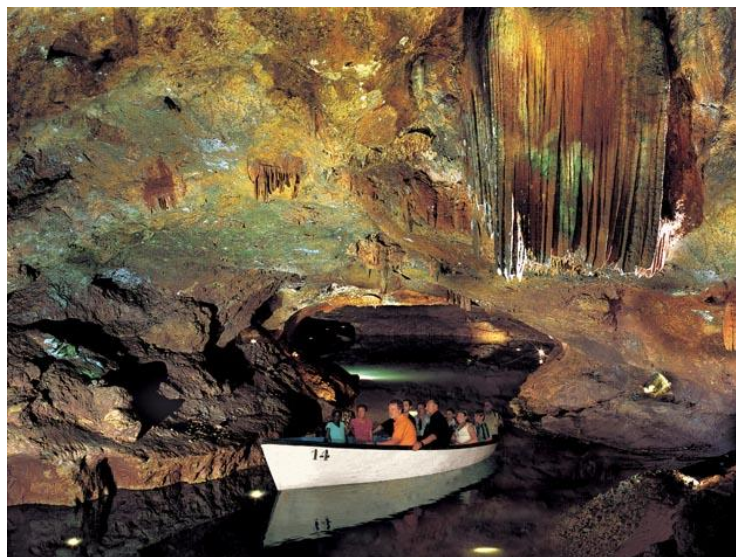

DISCOVER CASTELLON

The province of Castellón covers the northernmost territory of the Valencian Community, along which a coastline of 120 kilometers of wonderful beaches extends, many of them have the Blue Flag awarded by the Foundation for Environmental Education in Europe , beaches such as Peñíscola, Alcossebre, Oropesa, Benicàssim, Castellón, Burriana or Almenara, attest to this.

Castellón has natural parks that still preserve virgin coastal areas, such as the Sierra de Irta Natural Park in the coastal municipalities of Peñíscola, Alcalá de Xivert and Alcossebre, and the Prat de Cabanes-Torreblanca Natural Park.

It is worth highlighting another natural park in the Sierra de Espadán, which supplies water to the longest navigable underground river in Europe, the San José de la Vall d'Uixó, which can be enjoyed with a pleasant boat tour. In addition to these natural spaces, Castellón has the Columbretes Islands Marine Reserve, made up of a series of volcanic islets that, a short distance from the coast, offer unique spaces for their spectacular nature.

The province of Castellón, despite being coastal, is the second most mountainous in Spain and is home to the Penyagolosa Peak, which, with a height of 1,813 metres, is the highest peak in the Valencian Community. In the northern part of the province is the region of Els Ports, whose capital is Morella, a medieval walled city with an intense and important historical legacy. On the border with the province of Tarragona is La Tinença de Benifassà, a region of great scenic wealth where the National Reserve of the Hispanic Goat of the Ports of Beceite is located, so it is not difficult to see good specimens of this beautiful animal.

Continuing in the north, in the Baix Maestrat region, we find Peñíscola, with its impressive castle of Papa Luna, where history, legend and current affairs mix, as it is one of the most important tourist and leisure centres in the Valencian Community. In the province we can also find other historic-artistic sites such as the towns of Burriana, Vilafamés, Onda, Sant Mateu, the historic medieval citadel of Catí, Segorbe, Villafranca del Cid, Lucena del Cid, Benicassim, Alcalá de Xivert and Jérica, among others.

Castellón de la Plana is the capital of the province, it has a population of 172,000 inhabitants. The center of its daily life is located around the Plaza Mayor, where the 13th century Cathedral of Santa María is located, rebuilt in the 19th after a terrible fire. It has pieces of metalwork from the 18th century and paintings by Ribalta, Oliet or Esteve Bonet -La Purísima-

El Fadri, bell tower from the 16th century. Freestanding building of the Cathedral with an octagonal floor plan and five sections with a bell room and terrace, it is an emblem of the city.

A tour of the city will discover different modernist buildings from the late 19th century and early 20th century, such as the Old Casino, the Principal Theater, the Plaza de la Farola, the Palacio de la Diputación or the Post Office building.

The Museum of Contemporary Art is important for the variety of ceramics collections it houses and the Museum of Fine Arts, the most important in the province and a benchmark in the Valencian Community, has a permanent exhibition of ceramics, religious art, archaeology, painting and sculpture.

Castellón opens to the Mediterranean, with its maritime town, “el Grau”, with important port activity, both industrial and fishing, and where you can taste the rich gastronomy of Castellón, rice being its main element, treated with care and according to the tradition of In the past, paella, arroz a banda, brothy rice with galleys and crabs, “arrós negre” with cuttlefish, arrosejat..., without forgetting the “fideuá”.

The World Championship Casting Sport is organised by the International Casting Sport Federation, organised by the Spanish Federation of Fishing and Casting (FEPyC), the Fishing Federation of the Valencian Community (FPCV) and the Club Cultural Deportiva, with the supervision of the International Committee of the Speciality, and will be held from 4th to 8th September in Castellón.
